The *Tri-Cities Chamber Business Matters Magazine* is published annually as the official roster of the Chamber. The Tri-Cities Chamber has attempted to accurately represent all its Members in this directory. However, the Tri-Cities Chamber or The Tri-City News cannot guarantee the correctness of all information, nor the complete absence of errors and omissions, therefore no responsibility for the same can be assumed. Appropriate Use Guidelines: The Tri-Cities Chamber of Commerce encourages all its members to shop in our local community and to support other members where possible. We further encourage using this directory as a business resource tool and reference guide.

As the directory contains significant contact information, we ask our members to use the data appropriately and to avoid using the contents as a tool to "blanket email" the membership at large. Many of our members are inundated by unwanted solicitations or advertisements, increasing time and costs to their business. While we cannot control what outside agents choose to do, we ask our members to respect other members in the appropriate use of electronic communications. In addition to encouraging the adoption of the "appropriate use guidelines", the Chamber no longer makes our database available for purchase. We appreciate your cooperation in this matter.

We are an active member of the BC Chamber of Commerce, which represents the interests and concerns of Chambers and businesses across the province, as well as the Canadian Chamber of Commerce, which speaks for

more than 175,000 businesses on national and international issues.

Government relations and advocacy in the past year included COVID-19 business recovery, inter-provincial trade barriers, labour shortages, infrastructure investments, supply chain challenges, local development proposals, and more. We hosted our Annual Economic Summit in May. We also ensured access for our members to speak directly to political leaders through Town Halls with federal ministers, parliamentary secretaries, and MPs,

BC Minister of Finance, monthly Mayor's Coffee Talks, the annual Mayors BBQ, and All Candidates Meetings for Coquitlam, Port Coquitlam, and Port Moody in advance of the municipal elections.

The Tri-Cities Chamber participated in the BC Chamber of Commerce and Canadian Chamber of Commerce Conventions and policy debates, resulting in the annual policy manual that sets out advocacy efforts for the year (in addition to emerging issues), available on our website.

The new BIA members will grow the Tri-Cities Chamber to surpass 1,000 member organizations for the first time in its 50-year history

TRI-CITIES CHAMBER SIGNS LANDMARK JOINT

In 2022, the Tri-Cities Chamber of Commerce welcomed close to 300 member businesses from the Downtown Port Coquitlam Business Improvement Association (BIA), thanks to a joint membership agreement between the two organizations.

“The Chamber and the Downtown PoCo BIA have been excellent partners over the years, supporting our local businesses and enhancing local prosperity,” said Leslie Courchesne, CEO, Tri-Cities Chamber. “I am thrilled we are bringing all BIA members on board so they can leverage the robust services, advocacy, benefits, resources, and connections that our Chamber has to offer. My sincerest thanks to the Downtown PoCo BIA leadership team for working with us on this groundbreaking partnership.”

“As an advocate for the business community in Downtown Port Coquitlam as well as being a six-year board member with the Tri-Cities Chamber, I know the value of a Chamber membership but also how hard additional memberships for small business and solopreneurs can be,” said Jennifer McKinnon, Executive Director, Downtown PoCo BIA. “This collaboration not only gives membership benefit opportunities to our businesses that may not otherwise be able to

afford or prioritize it, but it creates a great opportunity for the Chamber and its members to experience a more diverse membership. The BIA is proud to offer our members this one-of-a-kind collaborative membership to enhance their visibility and participation in the Tri-Cities and expand their business network.”

“As small businesses, we have to make tough choices about which business groups and associations to join,” said Tamara Gorin, Owner, Western Sky Books, within the BIA. “This new partnership will allow Downtown PoCo BIA members access to the benefits of the Chamber, which can only strengthen and support us as a small business community.”

The new BIA members will grow the Tri-Cities Chamber to surpass 1,000 member organizations for the first time in its 50-year history, placing it among the top five largest Chambers and Boards of Trade in the province.

The BIA and Chamber worked together on this new partnership for the BIA to purchase a group membership with the Chamber at no additional cost to BIA member businesses. BIA members who are existing members of the Chamber can opt to transfer into the complimentary group membership.

MEMBERSHIP AGREEMENT WITH DOWNTOWN PORT COQUITLAM BIA

L to R: Tamara Gorin, Owner, Western Sky Books, within the Downtown PoCo BIA; Leslie Courchesne, CEO, Tri-Cities Chamber; Matt LeRoy, Board Chair, Downtown PoCo BIA; Jennifer McKinnon, Executive Director, Downtown PoCo BIA; Nicole Lauzon, Membership Manager, Tri-Cities Chamber

The Downtown PoCo BIA area includes both sides of Shaughnessy Street from Lougheed Highway to Wilson Avenue, extending further to the northwest at Marpole, Elgin, Kingsway and Lougheed, and the area bounded by Shaughnessy, Kingsway, Mary Hill and Wilson.

This new membership agreement is for two years, through to October 2024.

Since 1971, the Tri-Cities Chamber of Commerce has been the largest business association

serving Coquitlam, Port Coquitlam, Port Moody, Anmore, and Belcarra, now representing 1,000+ organizations from every sector. The Chamber works to foster economic development, provide connections and benefits, and influence public policy at all levels of government to ensure strong business and strong communities. The Tri-Cities Chamber is an active member of the BC and Canadian Chambers of Commerce.

# COQUITLAM

## DOING BUSINESS IN COQUITLAM

POPULATION: 132,000

The City of Coquitlam is committed to creating a business environment that allows for local businesses to grow and prosper. Dedicated to ensuring that local business owners receive excellent value from their investments in our community, the City has streamlined processes and is committed to the continuous improvement of the business environment.

With the aim of becoming the easiest place in Metro Vancouver to start and grow a business, Coquitlam's leaders are committed to building a strong community and economy — one that continues to attract and retain businesses of all sizes and sectors.

Centrally located in the Metro Vancouver region with easy access by road or rail, a multicultural population, and a robust business community, it's no wonder that Coquitlam is one of the fastest-growing cities in British Columbia.

Coquitlam also has access to a large and well-educated and highly skilled labour force, along with proximity to major markets,

convenient access throughout Metro Vancouver, rapid transit, and a business-friendly climate.

With the understanding that strong businesses begin with a solid foundation, the City also offers Business Connect. Available for companies of any size, type, and sector, through Business Connects Program, the City can:

- Help with your site search
- Supply statistics and market research
- Provide information about City policies and programs
- Refer you to helpful organizations, programs and resources
- Provide information about local business opportunities

- Introduce you to key business contacts
- Provide support and advice

Another business-friendly initiative is Business LinQ ([coquitlam.ca/businessling](http://coquitlam.ca/businessling)), a one-stop business resource centre to support both existing and prospective business owners. Entrepreneurs and business owners can drop into the Business LinQ office to discover City services and programs that support businesses, learn what is required to start and operate a business in Coquitlam, as well as receive one-on-one help in navigating the City's permitting processes.

To find out more information on doing business in Coquitlam, contact the Economic Development Office at [economicdevelopment@coquitlam.ca](mailto:economicdevelopment@coquitlam.ca).

# PORT COQUITLAM

## DOING BUSINESS IN PORT COQUITLAM

POPULATION: 61,500

No longer the secret that it once was, Port Coquitlam has businesses of every size and type, ranging from home-based operations to national enterprises employing hundreds of people.

Centrally located with excellent transportation links, Port Coquitlam is in the midst of an extended growth period that is seeing investment in both new and established business areas, accompanied by strong residential growth that is increasing the supply of ready-made customers.

Much of the city's charming, walkable downtown has been re-built with new apartments and townhouses, including the Dominion Triangle shopping area. In addition, the city unveiled its newly built 205,000 square-foot Port Coquitlam Community Centre in late 2021.

With a wide range of service and industrial businesses — located in both established and new commercial and industrial areas — local businesses have selected

Port Coquitlam as the base for their business reasons including:

- Proximity to transportation corridors
- Availability of skilled workforce, services and amenities
- Competitive lease rates
- The City's picturesque setting

Knowing the value that local businesses bring, and the contributions they make to our city, the City's government has taken steps to make the city more business-friendly. This includes having streamlining regulations and approval processes, expanding

online services, actively marketing area businesses, and supporting local business organizations. The City also introduced Biz Hub ([portcoquitlam.ca/bizhub](http://portcoquitlam.ca/bizhub)), a one-stop shop for business and development services and one-on-one support.

Port Coquitlam encourages business owners, operators and potential investors to communicate directly with the City regarding their questions and concerns.

For more information on doing business in Port Coquitlam, contact the Development Services Department by emailing [planning@portcoquitlam.ca](mailto:planning@portcoquitlam.ca).

# PORT MOODY, ANMORE & BELCARRA

## DOING BUSINESS IN PORT MOODY

POPULATION: 35,500

Located at the head of the Burrard Inlet, Port Moody is a vibrant and connected city, with distinctive places and spaces.

Historically an industrial town because of its tidewater location and rail connections — with numerous sawmills, two oil refineries, a deep-sea port terminal, a steel pipe plant, a chemical plant, and a natural gasfired electricity generating plant — the City was the original terminus of the Canadian Pacific Railway on the west coast of Canada.

While heavy industry remains an important part of Port Moody's economy, the community has grown and changed significantly over the past century, with many new residents and businesses that have transformed the city from a mill town to a modern urban community.

Located within the Metro Vancouver region, Port Moody is connected by rapid transit, rail, major highways, and a deep-sea port. This natural setting, combined with residential and recreational opportunities, along with proximity to nearby Simon Fraser University and Douglas College David Lam

Campus, serve as magnets to attract a skilled labour force.

Providing an exceptional quality of life through arts and cultural experiences, a rich natural environment, walkable neighbourhoods of unique character and a thriving core, Port Moody's approach to land use planning focuses on economic, environmental, cultural, and social sustainability, with the City committed to helping businesses thrive.

For more information on doing business in Port Moody, visit [portmoody.ca](http://portmoody.ca).

## DOING BUSINESS IN ANMORE AND BELCARRA

COMBINED POPULATION: 3,000

The Villages of Anmore and Belcarra are situated to the north and west of Port Moody, and boast exceptional forested trails, lakes, and shorelines. Combined, the two villages have a population of just over 3,000, as reported in the 2021 Canadian Census.

While there is not significant commercial space in Anmore or Belcarra, business is thriving there, with

close to 200 business licences issued in 2022 in the two villages. Many of these licences are for home-based businesses.

For more information about doing business in Anmore, visit [anmore.com/village-hall/business-licences/](http://anmore.com/village-hall/business-licences/)
